### CHARLES KLEIN IN RETROSPECT

Stood on After Deck of Lusitania Talking Serenely to Charles Frohman as Great Ship Went Down.

Charles Klein, whose death when the Lusitania went down, was described by one of the survivors as "very grave and very sweet—he stood on the after deck talking to Charles Frohman, waiting with patience and serenity till his chance for rescue should come; if it wyn and Company, which he had written in the past year in London, and he plans of two more in his portfolio, to be trict A delivered presently. And this, despite period the fact that his complete record of wrote plays was almost incredibly large, and ber had had great success. There had never come to him the faintest ghost of an idea that his work was nearing end. He seemed to think of "The Auctioneer," "The Music Master," "The tioneer." "The Music Master." "The Third Degree." "The Lion and the Mouse" and "The Gamblers" as the mere beginning of a career.

One of the most scholarly of the New York dramatic critics once described him as being the only playwright he had ever known who genuinely did not resent criticism.
"I have heard Mr. Klein say that he

terest in the work of the chorus, and thought sometimes a New York 'first an exceptionally choice choral pronight' was deliberately and self-congram is promised for this, the initial sciously hard to please." the critic continued, "but wherever a piece of thought-ful criticism was given him, he accepted it, took it away with him, and pondered it, and seemed to find in it an honest sat isfaction

One of Mr. Klein's ideas, which he put into practice whenever his man agers would let him, was to have what he called "a nervous first night" for his plays. He was opposed to out-of-town performances, because he believed they wasted the very precious tension which actors felt on the presentation of a new play. That tension was according to Mr. Klein, the first cousin to geniusfrom it, he believed, all of the world's really great dramatic performances had

come. His ambition was to write a great metaphysical play. The mystic turn of mind had always characterized him—and his anxiety to place his own mystic beliefs credibly and convincingly before e would never cut down his hours, nor rest on the laurels of any one

The lady who sat next to Mr. Klein at dinner beamed around at the middle of a course, and very gushing manner said with a "Oh, Mr. Klein, it is such a very great pleasure to meet you—you're th thor of 'Heartsease,' aren't you." the appalled silence which followed the remark, Mr. Klein, with his eyes twinkling, thrust the following reply:

From all accounts, "The Schatchen" was a doomed failure before it began, but somebody suggested that as the most optimistic man in the world-Charles Klein-was right or the spot, the job be given him of set-ting it right. With the utmost ferver, Mr. Klein tried. Despite his fervor, "The Schatchen" failed.
